A special tribute is accorded that one, whose personal endeavor has included a faith in each of us. Through this faith has come encouragement and guidance, both professional and personal. She is truly an example to be followed. She has always given direction as a seemingly task of love and not of labor. Patience is among her many virtues. We, the graduating class of 1978, wish to acknowledge with the utmost gratitude, your contributions, Miss Martha M. Adams, in our efforts to become nurses of the future.

In Appreciation

To our "source of knowledge" who has faithfully guided us through our education, we extend our appreciation. To someone who sacrifices her time to make the way easier for others, exhibits unfailing patience and interest in each student, and is always willing to help in any way that she can. For all the work she does, asking no credit, but deserving much, We, the Seniors of 1978, lovingly extend our sincere gratitude to Mrs. Arlene McKinney.
